

Facts on Philanthropic Activity

December 2016

Partners Albania, as part of its mission to support the non for profit sector in Albania and to strengthen the cross-sectorial cooperation, works on developing the philanthropy in the country. PA has carried out:

- a series of studies on the development of philanthropy in the country (**Entrepreneurship and Philanthropy, Survey Report; A Historical View of the Development of Philanthropy in Albania, Monitoring of Philanthropic activity in Albania 2015**),
- long-term interventions aiming the identification of this activity from the business sector (**Philanthropy Award**),
- creation of platforms that bring business sector closer to the initiatives that promote

social integration and local economic development (**Green Ideas Competition**).

For the second consecutive year, Partners Albania is conducting the monitoring of philanthropic activity through the media, including social media, and information resources from the public and non-public institutions.

The monitoring process is conducted on daily bases and the findings present the supported causes, the nature and value of donations, geographic coverage and the donor's nature. They are presented as monthly short summary reports that aim to help on the understanding and identification of this activity.

Data collection is supported by Catalyst.

During December 2016 the reported value of the donations at country level is 11,941,200 ALL, as presented in the charts below.
