

A kindergarten for the children of Bllaçe, Peshkopi

42 children from 3-6 years old, most of whom come from families depending on state financial aid, attend the pre-school education within the premises of the only 9-year school in the village of Bllaçe, Peshkopi. The floor has no tiles, there are no tables or chairs suitable for the children's body, there are no toys or other didactic tools for child development. This situation requires immediate intervention to create optimal conditions for children education.

The implementing organisation is **Vizion OJF**, Tirana.

Adopt a Therapy- Support Children with Intellectual Disabilities

The Achievement and Development Center of **Down Syndrome Albania Foundation (DSA)** offers services for 38 children with Down syndrome, children with autism spectrum and other learning difficulties. The services provided include occupational therapy, development therapy, speech therapy, physical therapy, ABA therapy.

The situation is urgent!

Starting December 1st, Down Syndrome Albania does not have sufficient funding available to offer these services.

Më shumë se kurrë kemi nevojë për mbështetjen tuaj!

Any donation means provision of the necessary services to children with intellectual disabilities, to enable their development towards an independent and inclusive life.

Education and integration of Roma and Egyptian children through sport

Over 30 children of Roma and Egyptian community, from 10-13 years old, are trained and play for the youth soccer championship in Shkodra. This soccer team has created a positive example in the community and promotes a sense of representation for Roma and Egyptian community members, reducing the silent abandonment of school, minimizing bullying and promoting "fair-play" rules in the field and in life for these children. These talented kids need support with proper sports equipment and training facilities, to ensure the team sustainability.

The implementing organisation is the **Association for the Protection of Egyptian Community Rights**, Shkodra.
